渤海大学 CSCA 考试要求

Bohai University CSCA Test Requirements

English Version

A. Professional Chinese

Applicants seeking undergraduate programs taught in Chinese at our university must take the Professional Chinese test. This test is divided into two categories: Liberal Arts Chinese and Science Chinese. Applicants should take the corresponding test based on their chosen academic discipline. Applicants for undergraduate programs taught in English are exempt from this test. Applicants for undergraduate Chinese Language programs may be exempted if they provide a valid HSK Level 4 score report.

B. Mathematics

Applicants seeking admission to undergraduate programs at our university must take Mathematics as a required subject, regardless of program category or language of instruction.

C. Physics and Chemistry

Applicants applying to undergraduate programs in Science, Engineering, or Agriculture must select one of these two subjects for examination.
