Master of Business Administration (MBA)

The increasing number of multinational organisations entering the China market means there is a high demand for managers with knowledge of both Chinese and western business practices. The Nankai MBA will equip you with the knowledge and the skills you need to succeed.

WHY CHOOSE THIS PROGRAMME?
The Nankai MBA is designed to cultivate the business executives of the future for senior leadership positions in China and around the world. It will develop your decision-making and problem-solving capabilities and equip you with strategic business foresight, as well as developing your entrepreneurial drive.

You will study international, functional business management, economics and strategy, with a strong focus on China and the Chinese business perspective. You will also gain real-life experience through internships in international and Chinese companies.

The study and internship experience, alongside the opportunity to learn Mandarin, mean that as a graduate from this course you will acquire a unique ‘China skillset’. This will equip you to help meet the growing demand for these skills and experience from international and Chinese employers.
